10TH ANNUAL NSF CHARITY GOLF TOURNEY SPONSORSHIP

Tournament FAQ's:

Is my contribution tax deductible?

Yes! The NuVasive Spine Foundation™ is a recognized nonprofit organization under section 501(c)(3) of the Internal Revenue Code and as such, a portion of your donation to the NSF Golf Tournament will be tax deductible.

Why are sponsorship levels so high?

Our target ask is .25% of NuVasive's spend with each vendor. In typical NuVasive® fashion, we are increasing our efforts to sponsor more mission trips and effectively change more lives. The Golf Tournament is our largest fundraising event of the year and we rely on its success to support the important work we do.

What does it mean to become a “Life Changer”?

As a “Life Changer” you will have a behind the scenes pass to follow a patient from pre-op through 6 months post-op. You will even receive a personalized message from the individual who's life you directly changed with your generous contribution.

What other events are included in the Diamond and Platinum 12-month sponsorship?

Your company will be visible at all internal fundraising and awareness events that NSF has a presence. Your brand will be seen by hundreds of shareowners and NuVasive executives throughout the year.

What does a Presenting Sponsor of an upcoming mission trip include?

The Mission Trip Presenting Sponsors will be recognized all mission materials and related NSF and company wide mission updates. Sponsor will also have the opportunity to send one individual on the trip (at their own expense).

What if we want to add additional players?

Additional players are available at \$300 per player, but players will be put on a waiting list since space is limited.

Do we have to play in the tournament to attend the awards luncheon?

10TH ANNUAL NSF CHARITY GOLF TOURNEY SPONSORSHIP

Why Support NSF?

The NuVasive Spine Foundation™ is committed to changing lives by bringing world-class surgeons and innovative spine surgery and education to disadvantaged communities around the globe.

Past:

- » The Foundation was created in 2009.
- » Since then, we have been responsible for more than **900 life-changing spine surgeries**, in more than **30 countries around the globe**.
- » Sponsored more than **100 missions trips**.
- » Donated more than **\$19.5 million in cash and spine surgery product** to surgical missions.
- » Provided more than **600 training hours** for surgeons in our innovative surgical techniques.

Present:

2017 marks a new chapter for NSF. In addition to supporting and funding missions around the globe, NSF will spend the year focused on re-energizing NSF's mission and strengthening the scope and impact of the Foundation. But this doesn't mean we are pushing the pause button. This year alone, NSF will support more than **10 missions** and change the lives of more than **100 individuals** in disadvantaged communities.

Future:

NSF's future is bright. The NSF team is hard at work planning the launch of a new permanent direct mission site that will allow us to not only increase our patient reach, but also develop a world-class surgeon education program to help further our efforts. *Stay tuned for updates!*
